

## Medical Writer (Market Access)

**Company:** PRMA Consulting Ltd

**Location:** Fleet, Hampshire

**Type:** Permanent

**Salary:** On application, and commensurate with experience

**Benefits:** Competitive salary, performance-related bonus, pension, life insurance, private healthcare, group income protection, perkbox (discounts including shopping, cinema and restaurants), flexible working

PRMA Consulting is a leading consultancy in market access and health economics outcomes research. We work closely with clients, including some of the top-20 pharmaceutical companies, to develop highly innovative market access strategies, often for unique high-value drugs.

Our continued success relies not only on the quality of our work but the development and retention of our talented staff. We are committed to offering competitive salaries and benefits, and, as an independent consultancy, we can also offer a tailored career path as well as flexible and/or home working that will provide you with a more manageable work/life balance.

**Due to growing business requirements we have fantastic opportunities for medical writers with experience in market access communications to join our existing team.**

**Ideal candidates will have a track record of strong analytical writing skills and have developed a range of market access communications such as value messages, Global Value Dossiers, value slide sets, briefing books and market access tool kits.**

Our working environment is fast-paced and stimulating, offering many opportunities for learning and career advancement across a range of therapeutic areas and unique client-based projects. As a medical writer you will contribute to a range of client projects that support product strategy development, such as evidence reviews and gap analyses, reports from advisory boards manuscripts and other publications. In addition for there are opportunities to have direct client contact and lead and/or manage projects.

### Duties and responsibilities of the role

- Assist with development of innovative approaches to communicate client market access strategies
  - Research and write content for client deliverables, in close collaboration with the consultancy team, to a high standard, within project timelines and budget
  - Provide guidance on the development of reports and publications from primary research projects and advisory boards
  - Foster close and effective working relationships with team members and clients
  - Review material developed by other consultancy team members
-

## Requirements

The ideal candidate will have:

- A degree and/or post-graduate qualification in life sciences, health sciences, health economics or a related field,
- A proven track record in medical or scientific writing, for a range of therapy areas.
- Experience of developing market access communications
- Comprehensive knowledge of the pharmaceutical and healthcare industries, including an understanding of clinical trials, and drug development process..
- Sound knowledge of medical databases and search engines.
- Excellent communication skills, to support collaborative relationships with colleagues and clients
- A commitment to producing high quality deliverables
- The ability to work efficiently prioritize time between multiple projects.
- A flexible and friendly attitude.

We offer rapid career enhancement and personal development for the right candidate, along with the opportunity to work alongside an international and diverse group of talented professionals.
